

Bid document for the auctioning of earthmovers

1. Background of the Organization:

Livolink Foundation is a registered development organization under the Indian Trusts Act. The organization was registered in December 2010 and its head office is based at Bhubaneswar, Odisha. The main purpose of the organization is to facilitate technology-based livelihoods development and improve access to quality education in the underprivileged rural regions of the country. More details of Livolink Foundation's work can be explored from the organization's website www.livolink.org

2. Scope of Bidding:

The Livolink foundation was engaged in earth works in Western Odisha for the augmentation of water resources to provide round the year water to the rural HHs, besides increasing water availability for irrigation to enhance farmers' income. To have smooth implementation of the project, the foundation had procured 6 earthmovers in the month of November 2017 and was used for the project works to excavation of earth for desilting ponds and improving their water harvesting capacity. As the project is now closed, there is no further scope of utilizing these machines and the foundation has decided to sell off these machines. The machine details such as the numbers of machines, types and model, number of hours run, year of purchase are mentioned in the section "List of assets".

The scope under this bidding process is limited to only the "selling of assets" listed in the section "List of assets", along with the required accessories and documents. There are no other assets of the foundation that would fall under this bidding process and thus no bidders should claim any other assets except the listed assets and its necessary accessories and documents mentioned here in the bid document.
